### **LYMPHATIC DRAINAGE**

**Saturday, June 5, 2021**

**9:30am – 5:30pm**

**ONLY \$149**

**Hosted by “Therapeutic Connections School of Massage”**

**LYMPHATIC DRAINAGE** will teach theory and techniques that will help to restore normal flow of fluids in the body, especially the lymph, and to free up some common areas where fluid flow becomes restricted or occluded.

**THE LYMPHATIC DRAINAGE COURSE** will familiarize the students with how and when to use this method. Students will leave class with a general protocol to use and to learn from over time.

**DURING THIS WORKSHOP**, we will review the Lymphatic system’s anatomy and physiology. Students will give and receive a one-hour session at the end of the day. You will be able to integrate these skills immediately into your practice.

### **ABOUT THE PRESENTER**

Tina Heyer, LMT, has been in private practice since 2005, specializing in CranioSacral Therapy and Visceral Manipulation since 2009. Tina has been teaching massage courses at Therapeutic Connections School of Massage since 2014. She teaches because of her love of learning and her passion for helping students to become engrossed in the anatomy and physiology of the human body.
